

TurboPrint

TurboPrint is the name of an ink series developed especially for modern highspeed printing presses. It promises excellent printing performance on all one-to-six-colour presses.

Benefits:

- Very fast setting
- No blocking
- Optimised misting properties
- Permits fast work and turn
- Outstanding ink/water balance
- Very high dot sharpness
- High intensity
- Less powder required

Important:

As a modern ink series, TurboPrint inks comply with all requirements of the ISO 2846-1 standard. Their intensity and dot sharpness enable the printer to satisfy all process demands of the ISO 12647-2 standard and at the same time to achieve a very neutral grey balance.

Properties:

Fast work and turn	5	5 = excellent
Fast finishing	4	4 = very good
Rub resistance	3	3 = good
Gloss	3	2 = satisfactory
Setting	very fast	1 = sufficient
Suitable for perfecting	no	
IR drying recommended	yes	
Duct fresh	yes	

	Article number	Light-fast	Transp.	Spirit	Nitro	Alkali	
TurboPrint Yellow	P8331670	5	+	+	+	+	+ Property applicable
TurboPrint Magenta	P8331650	5	+	+	+	-	- Property not applicable
TurboPrint Cyan	P8331640	8	+	+	+	+	
TurboPrint Black	P8331620	8	-	-	-	+
